A Debate

About a month and a half ago, President Michael . D . Higgins , called for homework to be banned . He says “ The educational experience should end at the school gates, it would give more time for young people to use their evening creatively.”

So we are asking you , the students in St. Attracta 's ,

Do you think homework should be banned ?
What are your opinions on homework? Would it make a difference to you in your free time and evenings?

If you would like to answer , please do we would love to here your opinions. You could leave the note anonymously if you like but could you please write what class you are in. These answers can be submitted into the box that will be left outside the office . **Thank you**
